

GOVERNING CATALOG AND CONTINUOUS ENROLLMENT

The Governing Catalog for degree and technical certificate seeking students is defined as the Catalog & Student Handbook in effect at the time of enrollment or readmission.

A continuously enrolled student who does not complete degree requirements within 6 (six) years will be required to meet the degree requirements established by the Governing Catalog in the subsequent semester of enrollment.

Degree and Technical Certificate seeking students who break enrollment for 3 (three) or more consecutive semesters (fall, spring, and summer) will be required to submit a readmission application and will be required to meet the degree requirements established by the current Governing Catalog.
