

DIGITAL MEDIA CREATIVE VIDEO PRODUCTION ASSOCIATE IN SCIENCE DEGREE

The Associate in Science Digital Media Creative Video Production (DMCVP) degree prepares students for the growing media and audiovisual digital production industry in the Lake and Sumter County areas. This program provides students with a foundation in video production and content creation, equipping them with the skills to solve industry-related problems, effectively communicate within the industry, and demonstrate professional behavior. Students gain proficiency in using multimedia studios, computer hardware and software, and video equipment to create digital productions. Graduates are prepared for careers as creative producers, videographers, audio/visual technicians, writers, and editors.
