

# COLLEGE CREDIT CERTIFICATE PROGRAMS

**College Credit Certificates** are college credit certificates consisting of less than 60 college credits. College credit hours earned in a Technical Certificate can be applied to a related Associate in Applied Science or Associate in Science degree.

For degree and certificate completion, at least 25 percent of credit hours for the program must be earned through instruction at LSSC.

## Job Placement Rates

Florida Statute, 1008.42(2), requires that each college publish, in its annual catalog, the placement rate for the preceding three years for each career certificate program and for each career degree program. "NA" indicates that placement data is unavailable or there were no graduates of the specific program for the year indicated.<sup>1</sup>
