

# TUITION AND FEES

---

All fees listed in this catalog are approximated for the 2024-2025 academic year. Fees are subject to change due to omission, error, legislative adjustment, or board approval for the next academic year.

One credit hour is defined as the learning expected from the equivalent of fifteen fifty-minute periods of classroom instruction. Laboratory, internship, and clinical learning experiences have variable ratios of credit hour to weekly contact hour spent in that environment. See the course description for more information.
